

BECOME A CCM

CCM offers a portable credential that increases professional stature, earning potential and advancement opportunities.

CCM is the “gold standard” in personnel credentials for the Construction Management profession. This one globally respected certification defines the content, standards and values of the profession, identifies its most qualified practitioners, and offers an assurance of excellence to anyone hiring or retaining a Construction Manager.

As part of our strategic plan, which we have recently implemented, we have set a goal to increase the number of CCM’s in our chapter by 1% to 2% each year for the next five (5) years. In order to accomplish this goal we need participation from our members who may be eligible CCM candidates. We are reaching out to our current members who are not CCM’s looking for them to participate to help us reach our goals.

We plan to assign each candidate with a mentor/protégé to guide them through the certification process.

Our plan is to start the process with a two (2) hour workshop on how to fill out the application. The workshop will take place on December 6, 2011 from 3:00pm to 5:00pm.

We would then conduct CCM SOP Workshops to prepare the candidates for the exam beginning in February. There will be five – two (2) hour sessions where we would cover two (2) SOP’s at each session. Those sessions will take place on the following dates:

- February 14, 2012
- February 28, 2012
- March 13, 2012
- March 27, 2012
- April 10, 2012

All workshops will be held in the 5th Floor Conference Center at the following location:

**Where: 999 Building Conference Center
5th Floor
999 Peachtree Street, NE
Atlanta, GA 30309**

Time: 3:00 PM to 5:00PM

Directions:

We are located at the corner of 10th and Peachtree in Midtown.
